Examiner's Amendment

Applicants' Response filed August 7, 2006 and Supplemental Response filed August 10, 2006 are acknowledged. Claims 1-4 and 13 are canceled. Claims 5-9 and 12 remain under consideration. The supplemental filing is drawn to a statement concerning Applicants' right to file continuation or divisional applications claiming the subject matter of the withdrawn or canceled subject matter.

Claims 1-4 and 13 were rejected in the last Office Action under 35 U.S.C. 103(a) as being unpatentable over both Hong et al., U.S. Patent 6,827,950, and Babenkova et al., Vestnik oftalmologii (abstract).

Claims 1-4 and 13 have been canceled. Accordingly, the rejection of record under 35 U.S.C. 103 is moot.

The present title is deleted and -- Methods for Treatment of Obesity and Effective Fat Loss Promotion -- is inserted therefor.

The text of the present Abstract is deleted and -- Methods for treating obesity, reducing total weight and reducing body fat mass by administering a composition comprising dihydroquercetins and root-derived aralosides A, B, C and D is disclosed. -- is inserted therefor.
